## Palette Description

Organization:
- App (basically Top-Level Component)
  - NavBar (Component)
    - Top
    - Tabs: About, Skills, Projects, Contact (Home/d20 on left side)
    - Collapsible/expandable on mobile
      - Footer content here on mobile
  - Homepage (Component)
    - Large Avatar-style pic of me with full name
    - Subtitle
    - d20Roller (Component)
      - Gives out fun facts and recommends things to check out (ex: swamped with a lot to do? check out my todo-app!)

About   Skills   Projects   Contact   Archive

Sarah K Rivera

Picture of Me — bitmoji/minmoji/ etc.

Cool subtitle with typing/writing effect   ← level & class?

One sentence facts/ things to check out on website

↑ roll

Hand-coded by Sarah Rivera ← link to About

Contact Me

[in]

↑ contact form

v1

- About Me Page (Component)
  - Picture on the left, centered on mobile
  - Button for printable resume
  - Longer description, but with friendly headings (each paragraph a Component)
    ◦ Hello World!
      • Introduction-y
    ◦ Session 0
      • Educational background
    ◦ My Journey to Coding
      • Teaching
      • Highlights transferable skills
    ◦ Choosing the Right Class
      • Finding code learning journey
    ◦ When I'm Not Coding
